

ORGANIZE

2nd CONFERENCE ON MECHANICAL, ENERGY AND MATERIAL ENGINEERING

CMEME 2025

11-12  
NOVEMBER  
2025

The Faculty of Sciences and Technology, the Department of Mechanical Engineering, the LGEM Laboratory (Laboratoire de Génie énergétique et Matériaux) and LGM Laboratory (Laboratoire de Génie Mécanique) are pleased to invite you to participate in the Second edition of the CMEME 2025, that will be held at the University Mohamed Khider of Biskra, on November 11 and 12, 2025. This event will provide a unique opportunity for networking and collaboration with academics, researchers, and professionals in the field of Mechanical, Energy and Material Engineering

Topics

A-MATERIALS ENGINEERING

- Characterization of Materials
- Design, Mechanical Systems
- Thermo-mechanical behaviors
- Dynamic failure and fracture
- Metallurgy
- Composite Materials
- Polymers, Glass and Ceramics
- Biomechanics
- Rehology
- Smart Materials
- Structural Integrity & Dynamics
- Others

B-ENERGY AND THERMOFLUIDS

- Heat and Mass Transfer
- Thermal energy and power engineering
- Renewable Energy
- Fluid Mechanics
- Thermodynamics
- Multi-phase flows
- Biofuels, Fuel Cells
- Hydrogen
- Sustainable Infrastructure and Risk Mitigation
- Energy & Storage
- Energy Management
- Sustainability
- Others

Important Dates

Open call for paper submission:  
Deadline for paper submission:  
Acceptance notification:  
Notification of selected papers:  
Confirmation of participation:  
Final notification:

June 01, 2025  
August 25, 2025  
September 25, 2025  
September 30, 2025  
October 15, 2025  
October 20, 2025

Publications

Submitted papers will be reviewed by the Scientific Committee and reviewers. All accepted (Registered & Presented) papers of CMEME 2025 will be published in conference proceedings indexed at least by Google Scholar and CrossRef with a DOI number. The book proceedings will permanently be available via [doi.org](https://doi.org) and as ASPS Conference Proceedings (ACP).
